# Business Development *Managers*

*Opportunity in India*

Our established client invites established, ambitious Business Development Managers to grow and work under the umbrella of an award-winning international wealth management company. Retain your current clients while acquiring capital value.

You will benefit from a competitive remuneration formula, including the opportunity to own a stake in our business. You will be paid a generous percentage of the income (USD/GBP) generated by your book, and progress to become a Wealth Manager after successfully completing Financial Planning training at one of our regional Indian offices.

*Contact us to explore this exciting new opportunity.*
